

Reciprocal Teaching

Definition

Reciprocal teaching is an effective teaching/ learning practice and is defined as students summarizing, questioning, clarifying, and predicting; they take turns being the teacher.

Research

...teachers observed fewer behavior problems in their reciprocal teaching groups than in their control groups.

Palincsar and Brown 1985

Teachers saw increases in students' confidence and success, in their understanding and use of strategies, and in their enjoyment of literature.

Hashey, et al. 2003

Reciprocal Teaching in Practice

I thought the chapter would be about space travel since it was called *Shooting for the Stars*.

Predict

Does this problem remind you of any other math problems you have solved in the past?

I would like to know what the phrase "naked eye" means?

Clarify

Are there any words or terms you are unsure of?

Do you think the text is related to the title *Shooting for the Stars*?

Question

What math operations are needed to solve this problem?

The text informs us that as time goes by we see stars differently

Summarize

Make a detailed plan on how to solve this problem.
